Sir/Ma'am,

Letter of Recommendation

Butta B-Rocka is one of the most talented, electrifying, exciting, passionate performers I have ever seen, heard and danced with. She epitomizes the highest standards in entertainment artistry, singing, song writing, vocal and record producing. She can sing and dance with ease and grace to a wide variety of musical styles across the entertainment spectrum.

During the past four months I've watched Butta perform at the Office Bar, Sheraton Hotel, Addis Ababa, Ethiopia four nights a week and connect with audiences, male and female of all ages, races, and cultural backgrounds . She has the ability to draw large, live audiences and maintain a loyal fan base.

She has my immense respect, as well as many others, for her performing career.
