### **Motown Christmas Fan Reviews - Ticketmaster**

The Peabody Daytona Beach - Daytona Beach, FL - Thu, Dec 12, 2013

The music was great and brought back some good memories. I was lucky enough to see the Temptations and the 4 Tops plus many other Motown groups in their prime. The music will never die. They did put on a great show and worked very hard. Good job.

**Favorite moment:** The Motown songs

First let me say that although it was named Motown Christmas I was not expecting a Christmas show, more a Motown show. So, at first I was a little put off when every song was seasonal. But as the time went on they won me over. By the end of the show, I was a complete fan. Would recommend this show to anyone who loves the holidays and Motown music.

....the four singers took the stage...and they launched into classic Motown hits, wonderfully performed with delightful harmonies. We loved the show and were very pleased with our Row D seating.

I thoroughly enjoyed this show. The singers still can belt out the old tunes and the songs were so much fun to sing along with. Great! Great! Great!

**Favorite moment:** It would be difficult to pick out a single moment as my favorite, but I loved listening to the singer with the deep voice. He was amazing!

A Motown Christmas exceeded our expectations. The sound of Motown recalls great memories of a time past and to be truthful, we had some trepidation as to how it would be so many years later.....live. There is no question that it is alive and well and not just from the radio!

These guys were still on top of their game and loving what they do. Their performances were bursting with energy, revamping that great motown sound we all grew up and sang along. They brought back most of the great #1 hits that we all remember from the Miracles and Temptations including an excellent version of Diana Ross and the Supreme hits. Not to be forgotten was an upbeat clapping selection of Christmas songs we all know and love...So happy we did not pass up going to this gem!

**Favorite moment:** a surprise tribute to Michael Jackson's great hits

The wife and I are so glad we decided to take in this show. The entire program was a joy from beginning to end. The energy and spirit was non stop by the performers. We were amazed at the performance and would highly recommend this event. If repeated in 2014 we will be there !!! It was a unique blend of Christmas tunes as well as old favorites. I would rank this as one of the top ten events we have attended. The show went way beyond expectations .

**Favorite moment:** Every moment was entertaining, unlike many that have peaks and valleys this was non stop quality entertainment .
