Kari has made some amazing accomplishments throughout her music journey - including a new Single entitled, “I’m Movin’ Up” released on Star Makers Global Entertainment this year. Kari is also part of a team of talented musicians and vocalists who received a BMA award in 2019 for their incredible work on Juewett Bostick’s Album “Shades of Blu. Kari formed an Indie Record Label, “Earforce One Records” and released an EP “Fallin’ For You” and three Singles distributed by TuneCore and CD Baby. Her music is available on Amazon, TuneCore, and all digital store outlets. Kari takes her music seriously and is a Music Major at Berklee College of Music with a goal of solidifying her career as a Singer and Songwriter. These are only a few of Kari’s many accomplishments and acknowledgments of her amazing talent.

Kari’s fans compare her vocally to an infusion of Chante’ Moore, Whitney Houston, and Phyllis Hyman; however, Kari is clearly, stylishly unique. She credits much of her musical influence, to R&B, Pop, and Jazz artists Michael Jackson, Whitney Houston, Rachelle Ferrell, and Phyllis Hyman.

Kari’s music can be noted for its unique melodies and lyrical depth - expressions of the beauty of love and words of inspiration, positivity, and motivation, which is deep-rooted in the book of her soul. Her smooth, soulful but powerful vocals are captivating. Her vibe is engaging; sweeping you away to experience her journey. Her style is the recipe of today’s simple conversation seasoned with a sprinkle of R&B, a pinch of Hip-Hop, a touch of Jazz and a drop of old-school vibes – a recipe for longevity. Kari’s stories are relatable life experiences, that shine the light on uplifting, up building, nourishing, and staying in love...The productions are genius combinations of R&B grooves and infectious beats... Kari’s music reflects the best of who she is and what she is about.
